## **About AFTLD**

AfTLD is recognized as the representative of country code Top Level Domain (ccTLD) managers from Africa. It is an active participant in the ICANN ccNSO, and also actively participates in various Internet governance fora with the African continent and beyond, including the IGF, where it has run a number of workshops. With collaboration in Internet governance and development a cornerstone of the bottom up policy development processes that make the Internet truly a multi-stakeholder phenomenon, AfTLD works in collaboration and partnership with other Regional Top-Level Domain Organizations (RTLDOs), these being APTLD, CENTR and LACTLD.
