To whom it may concern,

We at Hong Kong Link Infinity Technology Limited are a customer of Cloud Innovation and in the course received rights to use 156.241.3.0/24 from them. Beginning December, 2019, we delegated the right to announce this prefix to IPDC Solutions Pte Ltd. (IPDC). We asked Cloud Innovation to provide an LOA authorizing them to announce the space which was subsequently received. IPDC subsequently and without our knowledge delegated this space to one of their customers and allowed them to originate it from AS37353.

This announcement was not authorized by us, nor is it permitted by the LOA provided by Cloud Innovation.

Unfortunately, we were not aware of the situation until after it had already been resolved.

It was never our intent to violate the LOA or to allow the prefix to be announced from a hijacked ASN. We do not condone this and apologize sincerely to the community for what has happened here.

Sincere Apologies,

Hubert Hu
