Hello Moses and AK

Based on an earlier precedence , I noted that you as co-chairs sent the report of each proposal to be ratified separately , i.e one document . I have therefore created a new document for the policy proposal **AFPUB-2020-GEN-004-DRAFT02 Board Prerogatives on the PDP** .

I have included the dates related to staff impact assessments being published. As an aside note, I hope that you have gone through the latest version , after it was announced on the rpd list.

Please go through the document so that it can be finalised and sent to the AFRINIC Board for ratification. As mentioned before , the document was circulated 14 days before the scheduled Board Meeting. I suggest that you send the final report the soonest to the AFRINIC Board.

Regards

Madhvi
